B.Sc Degree Examination – APRIL 2021

CS101S - PROGRAMMING IN "C"

Time : 3 hrs **Max Marks :75**

SECTION – A (5X5=25)

Answer any **FIVE** Questions

1. Discuss in brief the basic structure of C program.
2. Write short notes on reading and writing a character.
3. Write a C program to find the sum of the following series $1+3^2+5^2+7^2+....+ N^2$ Where N is an odd number.
4. Differentiate while and do...while statements.
5. Write a program that uses a function to sort an array of integers.
6. Write short notes on union.
7. Write a program to illustrate the use of pointers in arithmetic operations.
8. Discuss in brief command line arguments.

SECTION – B (5X10=50)

Answer any **FIVE** Questions

9. Discuss types of constants with example.
10. Explain Decision making statements.

11. Write a program to find the transpose of a matrix.

12. Explain various inbuilt string functions with example.

13. Discuss in detail the categories of functions.

14. Define a structure type, **struct personal** that contains person name, date of joining and salary. Using this structure, write a program to read this information for ten persons from the keyboard and print the same on the screen.

15. Discuss in detail, how pointers are passed as function arguments with a program.

16. How to define, open and close a file? Write an example to explain the file operations.
